

AUTHORIZATION: LICENSE ADMINISTRATORS

What is the purpose of this document? To register confirmation that your License Administrators have permission from an authorized person of subscription.

What is an authorized person of subscription? It depends on your organizational hierarchical structure, but typically titles such as CEO, CFO, CIO, CSO.

What is a License Administrator? A specific person authorized to manage your AMC-License. The person might receive important information about the license. The License Administrator has access to certain platforms:

[AMC License Portal](#) - Modify licenses, control support users, add new license administrators, modify banks.

[Service Desk](#) - License Administrators are also support users. Seek technical support.

Can License Administrators approve payments? A License Administrator **cannot** approve payments, or approve extra payment approvers, unless the same person has an additional role, such as the 'payment approver role', that allow him to do so.

Please have an authorized person of subscription read, fill, and sign this information letter. If you have any doubts or comments to the above information, please do not hesitate to contact us on +45 38 88 88 70 or on info@amcbanking.com. By signing, you also accept to continue to adhere to AMC's Agreements.

Name and email of license administrator 1:
